Voice file player

Voice file player activation license

Product information:

The SL-VFP1 is a feature activation license that enables the Voice File Player functionality on MAIA series mixing audio matrix processors. The Voice File Player supports playback of MP3 and WAV audio files, allowing pre-recorded messages and audio content to be integrated into system operation.
*After purchase, you will receive a digital copy of your licence, you will not receive a physical item.

Variants:

- SL-VFP1 - Voice file player - Digital license

We reserve the right to change specifications without notice, this is part of our policy to continually improve our products.
