CASY005

CASY blind panel 12 space with tension relief – 19", 2HE mounting

Highlights:

- Flexible structure for system integration & connectivity
- Wide variation of compatible modules available
- Stores 12 units of CASY modules
- 19" Rack mountable (2 HE)
- Structured and scratch resistant black powder coating
- Integrated strain relief

Product information:

CASY005 is a 19" blind panel which can be fitted with 12 modules from the CASY range. The panel provides a clean, finished appearance while maintaining a consistent and professional rack layout. It is manufactured out of steel with a plate thickness of 1.5mm and finished with a durable black (RAL9004) powder-coated finish for improved scratch resistance. The unit also features integrated strain relief to help protect connected cabling and provide secure cable management.
